ROYCE BANNON

Royce is an integral member of The Endless Love Crew, a street-art collective and has participated in various live painting events, group and solo exhibits throughout New York and Europe. Royce Bannon identifies with his monster character and enjoys the interaction between the public and his message.

Where monsters commonly evoke scary, menacing or evil reproachfulness, Bannon's are neither unnatural or grotesque. Royce shrewdly diverges from what is expected- his monster tags are colorful and emotive, prompting familiarity and accessibility. Currently, Royce is the art director for Diamond Headz NYC, a new clothing line promoting the life and culture of socially conscious city kids.
